Description

This is a really neat old piece. I am told it is called a Gunners chain that would be used for surveying. The end handles are made of brass. It is 33 feet long made up of 7 inch links of iron. It is marked off in 80 inch sections with brass tags, visible in picture, with 1, 2, 3 and 4 points respectively. One brass handle is embossed with 33 FT Iron No. 10. The other brass handle is embossed with the name W & L. Y Gurley Troy N.Y. A decorators dream piece. Buyer pays actual shipping. Check or MO. Check out my other auctions. Good luck.
